## IV. CHART CORRECTIONS

(Explanation of Format)

Corrective action, affecting charts, is contained in this section. Chart corrections are listed numerically by chart number, beginning with the lowest and progressing through all charts affected. The correction listed pertains to that chart only. It is up to the mariner to decide which charts are to be corrected. The following example explains the individual elements of a typical correction.

Chart number	Chart edition	Edition date	Last Local Notice to Mariners	Reference datum	Source of correction	Current Notice to Mariners
11534	26th ed.	12/14/91	Last LNM 41/92	NAD 83	(CDG07)	06/93
(Temp)	Myrtle Grove Sound to Fear River to Casino Creek					
	Add	*Boguse Channel Light 1, FI G 2.5s, 16 ft, 7M			32-48-00.000N	079-15-00.000W
	Corrective action	Object of corrective				Position action

The letter (M) immediately following the chart number indicates that the correction should be applied to the metric side of the chart only. (TEMP) indicates that the chart correction action is temporary in nature. Courses and bearings are given in degrees clockwise from 000 true. Bearings of light sectors are toward the light from seaward. The nominal range of lights is expressed in nautical miles (m). (\*) Asterisk is used to identify Private Aids.

**VI. NEW PROPOSED CHANGES**

None.

**VII. GENERAL**

**A. BRIDGE INFORMATION**

FLORIDA-INTRACOASTAL WATERWAY - PABLO CREEK: Special Bridge Notice.

The Coast Guard has issued a public notice about the permit application for approval of location and plans to construct a new fixed bridge across both Pablo Creek, mile 1.5 and the Atlantic Intracoastal Waterway, mile 744.4, Duval County, Florida. This notice, which solicits comments through 7 August 2000, has been mailed to Local Notice to Mariners subscribers with zip codes 32200 through 32299. Copies are available by writing to the address on the front of this notice or by contacting Mr. Brodie Rich at (305) 415-6736. Ask for a copy of Public Notice 11-00.

FLORIDA-INTRACOASTAL WATERWAY-WEST PALM BEACH TO MIAMI-SUNNY ISLES DRAWBRIDGES: Bridge Repairs/Update.

The Florida Department of Transportation has requested and received permission to continue single leaf operations at the Sunny Isles (163<sup>rd</sup> Street) Drawbridges, Atlantic Intracoastal Waterway mile 1078.0, Miami, Dade County, Florida, until July 2000. A double leaf opening can be provided if two hours advance notice is provided to the bridgetender via VHF-FM Channel 9 or by calling 305-949-8531. Also the U.S. Coast Guard Captain of the Port Miami has tentatively agreed to a simultaneous channel reduction in the immediate vicinity of the bridge construction. Individuals and Corporations with concerns may contact the Seventh Coast Guard District Bridge Branch, Mr. Barry Dragon at (305) 415-6743 or the Marine Safety Office, Mr. Marc DeJesus at (305) 535-8762.

We have tentatively approved a request for an extension through September 30, 2000 for this project.
